She noted that March was actually a very good time to launch big projects. "But now we have to differ it due to Covid-19, but I

Labuan conducts Covid-19 screening on 2,845 individuals

LABUAN: The Labuan Health Department has conducted Covid-19 screening on at least 2,845 individuals from 19 target groups as of Thursday.

The highest number was from a shopping mall and Kompleks Ujana Kewangan, involving 735 people, comprising kiosk workers, hypermarket workers and vendors, and of the number, 251 of them have had their samples taken.

The food rider group was the second highest, with 569 people and all of them underwent swab test.

Also screened are 556 hypermarket and supermarket workers, with 198 of them having their samples taken.

None of these groups tested positive for Covid-19, said Labuan Health Director Dr Ismuni Bohari. He said a total of 95 teachers at childcare centres and their operators also had their samples taken, as well as 101 vendors and workers at the Pasar Sentral

and UTC Building (UTC group), out of the 200 who were screened.

For the Labuan police contingent group, 333 personnel were screened and 65 of them underwent swab test.

"Our medical team also screened and took samples of all the 22 detainees at the police lock-up, six maritime detainees and 19 immigration detainees at the Labuan Correctional Centre," he said.

Under the courier services group, a total of 43 people were screened and 35 of them underwent swab test.

Also screened were 19 officials from the Immigration Department, Labuan office of the Ministry of Domestic Trade and Consumer Affairs (40), National Registration Department (28), People's Volunteer Corps (72) and the Department of Statistics (20), as well as zakat collectors (Amil) and workers at the vegetable collection centre (Peladang).
